MEET MR. ESHWAR ARMY, A MAN OF WILLPOWER AND RESISTANCE.

Eshwar or “Eshwar army” as he is known among his followers, is a celebrity fitness coach who hails from Visakhapatnam. He is a retired army soldier, actor and a poet by heart. Born in a middle class family, Eshwar had a very normal childhood like all of us. He used to hear a lot of stories about freedom fighters which kind of planted patriotism and love toward our motherland from a tender age. He always wanted to serve the nation. One day while going to school he saw a boxing group which kind of had an impact on his subconscious mind. He approached them and they rejected him. This made him think deeper and he finally came up with a resolution of becoming a great fitness freak.

Then universe kind of resonated with his thoughts and Rami Reddy Garu (a retired soldier) agreed to train him. In this phase of life, Eshwar got a great advice from his father. He asked him to choose a competitor who is like ten times tougher than him. This advice always motivated him to face tougher challenges and emerge as winner.

He worked even harder and underwent lot of training's. Eshwar won medals in various categories such as Junior District and Junior state level.

Eshwar Garu wanted to do something great and achieve good things in life. At this time, he qualified all the examinations of Indian Army and was recruited as a soldier. Here he learnt many things such as discipline and dedication. As he says, “once a soldier is always a soldier” he is a true patriot by nature.

He was doing good in his life, but universe had different plans for him. Eshwar Garu suffered from a major accident and was unable to continue his normal life. This unfortunate event neither depreciated his spirit nor made him any weaker. With the help of his mentor Dr Batra he recovered at a faster rate and was normal again.

He was advised bed rest for six months and he was completely permitted to a room. This period was like a zen phase for him. He wrote all his feelings and emotions in the form of poems. After a busy and successful career, this phase was a kind of self discovery for him. Eshwar always had the dream of pursuing higher studies. While recovering from the injuries, somehow realized that attending the college is the best thing to do under these circumstances.

He applied for a master's program in Spain and was quite unsure about the result. This time, the news positive. Eshwar packed his bags and landed in Spain. With no friends and relatives, first few days were kind of difficult. Slowly as time passed by, he made very good friends given his good and welcoming nature. This was a great experience in his life and he recollects boarding a bullet train from Barcelona to Madrid. After getting international standards of sport education, he returned in 2012.

One quality that helped him get opportunities in his life is the way he treats everyone. Eshwar is very friendly and helping by nature. This attitude has helped him get many opportunities. Even though he is an extraordinary talent, he always believes in humanity and generosity. While he was back in India, he got a call from the manager of renowned tollywood actor Prabhas. He actually needed a fitness expert and Eshwar was immediately appointed as his fitness coach. He has worked with noted celebrities like Stylish Star Allu Arjun, Venkatesh Garu and many more.

“Great success is achieved through discipline, dedication and consistency”, he said while talking to us. There were many instances where he fought out of the way to reach greater heights. All through his journey poetry was his companion throughout. A fitness consultant by profession and a poet by heart, a very rare and unheard combination. Eshwar has penned down many poems which have not the seen light of the world. He says writing poem is a kind of relaxation for him.

His acting career also started by chance. Puri Jagannadh who is a renowned tollywood director(ismart shankar fame) is a friend to Eshwar. They share a very good bond since the shooting of EK Niranjan movie. Puri Sir wrote script for the businessman and was conducting auditions for some of the characters. Eshwar Garu was roped in for the role of Shakeel. This was his first acting assignment and was able to complete it successfully. He has done quite a number of Tollywood films and has proved his acting talent as well.

COSTAROYA, SERVING YOU THE BEST PRAWN BIRYANI.

If you love prawns, your search ends here. Costa Royya is a new food start up founded by Tejal Nunna and Subanesh which aims at offering the best prawn biryani. Founded on December 1st, 2019, the objective of Costa Royya is to cater to all the food lovers who crave for organic and tastier non-veg dishes. We had the opportunity to know more about this happening food startup from **Subanesh, CEO and Co-founder of Costa Royya.**

How did Costa Royya happen? They say, every food startup has some story behind it.

The recipe revolved around my finance's family. This has been with them for over a period of 200 years. The Prawn biryani we offer is part of a legacy. They usually cook this when someone special is hosted by their family. When I went for the first time to meet my in-laws, they made this dish with great affection. I was totally in love with the taste and I knew the importance of this particular dish. This was very close to my heart and in the first byte I was hooked on to it.

We would like to know more about the prawn biryani, how is it made and how do you source the fresh meat?

First, we have to understand that this was a recipe and not a biryani from the very beginning. This has been used for various curries and pulav's. Prawn is a staple food for the coastal part of the region (Andhra – East Godavari district – Razole village). We have other prawn dishes like gravies, Ghee fry starters & rice bowls coming soon. We came up with an idea of molding the recipe into a proper Biryani as Hyderabad is known to be the Biryani capital of the world. We take great care in sourcing the raw materials. What makes us unique is, we get export quality prawns from our very well know aqua houses of the coastal regions. The export quality are only sold abroad but we are one of the few or handful food outlets who use these kind of quality.

How was the journey so far, being an entrepreneur is exciting. Do you feel the same?

Yes, the journey has been rewarding so far, but we

had some learning as well. This is the first time we ventured into a food business. So, we faced little challenges in logistics in the first week, but from the next week we were running smooth. As I mentioned earlier, our product is great and absolutely amazing. I believe the future will be very bright for Costa Royala as a brand.

We have various things lined up for all the prawn lovers. We are in the process of making starters, rice bowls, various options of curries etc... We also have great chicken, mutton & vegetarian products which we do for catering events & small get together parties. We are kind of building up on getting that great non-veg buffet on to your table.

Costa Royala also sells fresh export quality prawns to the people who want to make their own recipes at home. We also have homemade ghee which we are offering to the customers. We are trying to diversify into different verticals.

You did master's in liberal arts from US, how did it help you in setting up a new business.

I was in states for more than four years & I learnt about observing, following a process by setting up a standard & most of all cater to the market needs. You may have great ideas for your business, but it's the systematic operating principles that fetch your

success. When you are in a foreign country, you become very disciplined. I would say it was great experience pursuing masters in states.

How do you define food and what's your favorite food cuisine?

According to me the food should taste good and at the same time it should be affordable with at least organic ingredients. As I already told you, we are completely a home-grown brand. We make sure that the food is prepared under the best hygienic conditions & also not mass produced to maintain our quality.

As we entered the studio, Bhargavi was on what's App call with Sowmya a client from Florida who is getting married in this summer of 2020. She greeted us with a smile and sat down to chat with us taking a small

break from her busy routine. Bhargavi had an admiration for great designs and always wanted to be a part of Fashion Industry. During her leisure time, she experimented and did some cool designs for her family and friends. She honed the craft further in UK and then returned to India and conceptualized "Bhargavi Amirineni", an exclusive wedding couture studio.

When we asked her about the secret behind the great designs, she said "I invest my majority of time creating new patterns and moving away from the old ones. The color palate that we use is also very much well researched. While choosing a particular

theme, a lot of thought goes into it. Then the fabrication and styling is done by a in-house design team". Bhargavi is known for being in tune with all the latest trends in the fashion. She is known for her lighter tones with depth tones. A part from wedding couture, you will find great lehngas, designer blouses and clothing for newly born kids. We were curious to know how does she finds the time to cultivate fresh designs. For that question Bhargavi told, "Inspite of a tight schedule, I take time to research about the latest trends and new patterns. I interact a lot with my customers so that i get more consumer centric designs. I personally advice them though I may have to sacrifice family time (laughs.....). In a quick conversation with us, he told us about his journey so far:

When did you discover that you wanted to be an actor?

My mom wanted me to work in Punjab Police or have a good post in the Northern Railways. But, I always wanted to do something different! Atrangi! So, I started modelling and participated in contests and gradually developed a passion for acting. Bobby began his career with modelling and went on to be among the Top 6 models of the Models Manhunt in Mumbai. Later on, because of his ads and modelling, people began to recognize him

Bobby Bedi- The Self- Made Artist

“If you have a passion in your life, it will lead you to your purpose of life”, is what the supremely determined and talented artist, Bobby Bedi, believes in. Bobby Bedi hails from Punjab and moved to Bombay with a fierce fire in his eyes to act. Being extremely down to earth is one of the reasons he made it big in Bollywood and in Tollywood.

and he got offers to act in films. His first film was Jism. He is most popularly recognized as Vishnu Dada in Kya Yehi Pyaar Hai and Tiny Singh in Rab Ne Bana Di Jodi.

How did your journey start?

I began modelling in Delhi and got my first consignment from a jeans company. There were hoardings all over Delhi and I couldn't believe I became famous. Then, I went to Bombay for the Manhunt Competition and struggled to be one of the top 6 models. Before this, I worked as a Medical Representative to run my house. I struggled in Delhi for 2-3 years and worked as an assistant for fashion magazines. At one of the Model Manhunts, I met Milind Soman who suggested me to stay in Bombay and try. That's when I realized I could finally pursue my passion.

After Koi Mil Gaya, what other projects did you venture in?

After Koi Mil Gaya, I was out of work. So, I went back to Delhi to support my family.

One day I got a call to be a part of the movie Rab Ne Bana Di Jodi. I was happy but I was overweight, around 120 kgs. The role was of a muscular guy so I had to start my work out and I toned myself in 2 weeks, went to Punjab and shot it. Tiny Singh it was.

What did you learn from PK sir when you were a part of Katamarayudu?

It was a twelve days shoot. I primarily learnt Telugu from him and he also educated me about the Telugu Cinema scene. All in all, I had a lot of fun and an amazing learning experience with him.

What projects are you currently working on?

I am shooting for Taxi 911 in Hyderabad and I am also going to be a part of Rufique which is going to be directed by Harish Sajja. In Girls v/s Boys, a Telugu horror film, you'll see me play a villain.

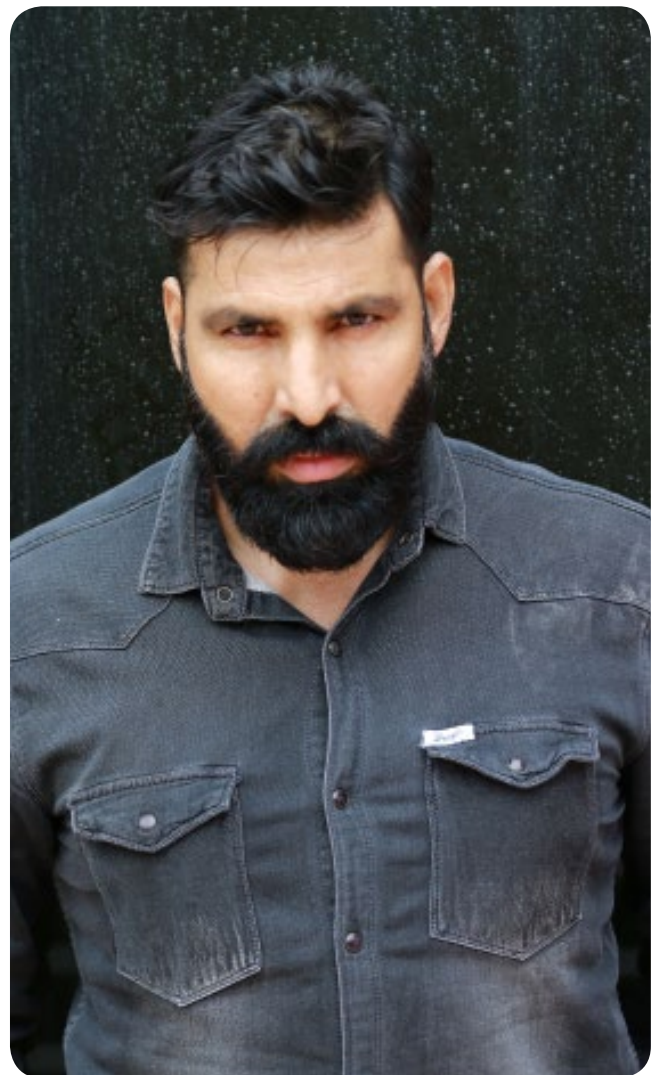

How did you get your first project?

When I met John Abraham, he suggested me to go to Mahesh Bhatt Films Studio. I went there with a portfolio and gave my audition. Cut to

some days later, I got a role call for 6-7 days of work in Pondicherry. It was for the movie Jism and I met Gulshan Grover, Mahesh Bhatt and Pooja Bhatt. It was an amazing experience and I learnt a lot during that process.

What was your next project?

B: Koi Mil Gaya. I got it through my roommate who was an assistant at Rakesh Roshan Studios. I visited the studio one day and greeted Rakesh Roshan sir. He asked me if I knew how to play basketball, ride bikes and if I have a proper licenceto take my audition. I was signed. It was a 36 day shoot and I met RajatBedi over there. It was surprising and unbelievable.

“Wake up. Open your eyes. Check your background and act accordingly. Make use of all the sources you have and come trained. Always have a Plan B cause it’s a dark world out there. Stop worrying and start chasing your dreams.”

What was the moment that defined your life?

It was when the President of Asian Television Network, Mr. Shan Chandrasekhar, mailed me to interview for the celebration of 100 years of Bollywood in Toronto. When I reached their office, I saw the photo gallery and there were pictures of very famous personalities and to be one among them was a moment of joy and pride for me. I’m truly blessed.

We also played a quick rapid fire with him:

I: DDLJ or Sholay?

B: Sholay, any day.

I: If you’re offered a SRK film and a Salman film at the same time, which one would you choose?

B: I’d do a film with Salman Sir because I have already worked with Shah Rukh Sir.

I: If you had a chance, which celebrity would you date?

B: I would date Katy Perry.

I: What would you do if you just had 24 hours to live?

B: I would spend time with my mom.

I: What is your idea of vacation?

B: Go to Las Vegas with my best buddies and have a fun time.

I: One director you’d love to work with?

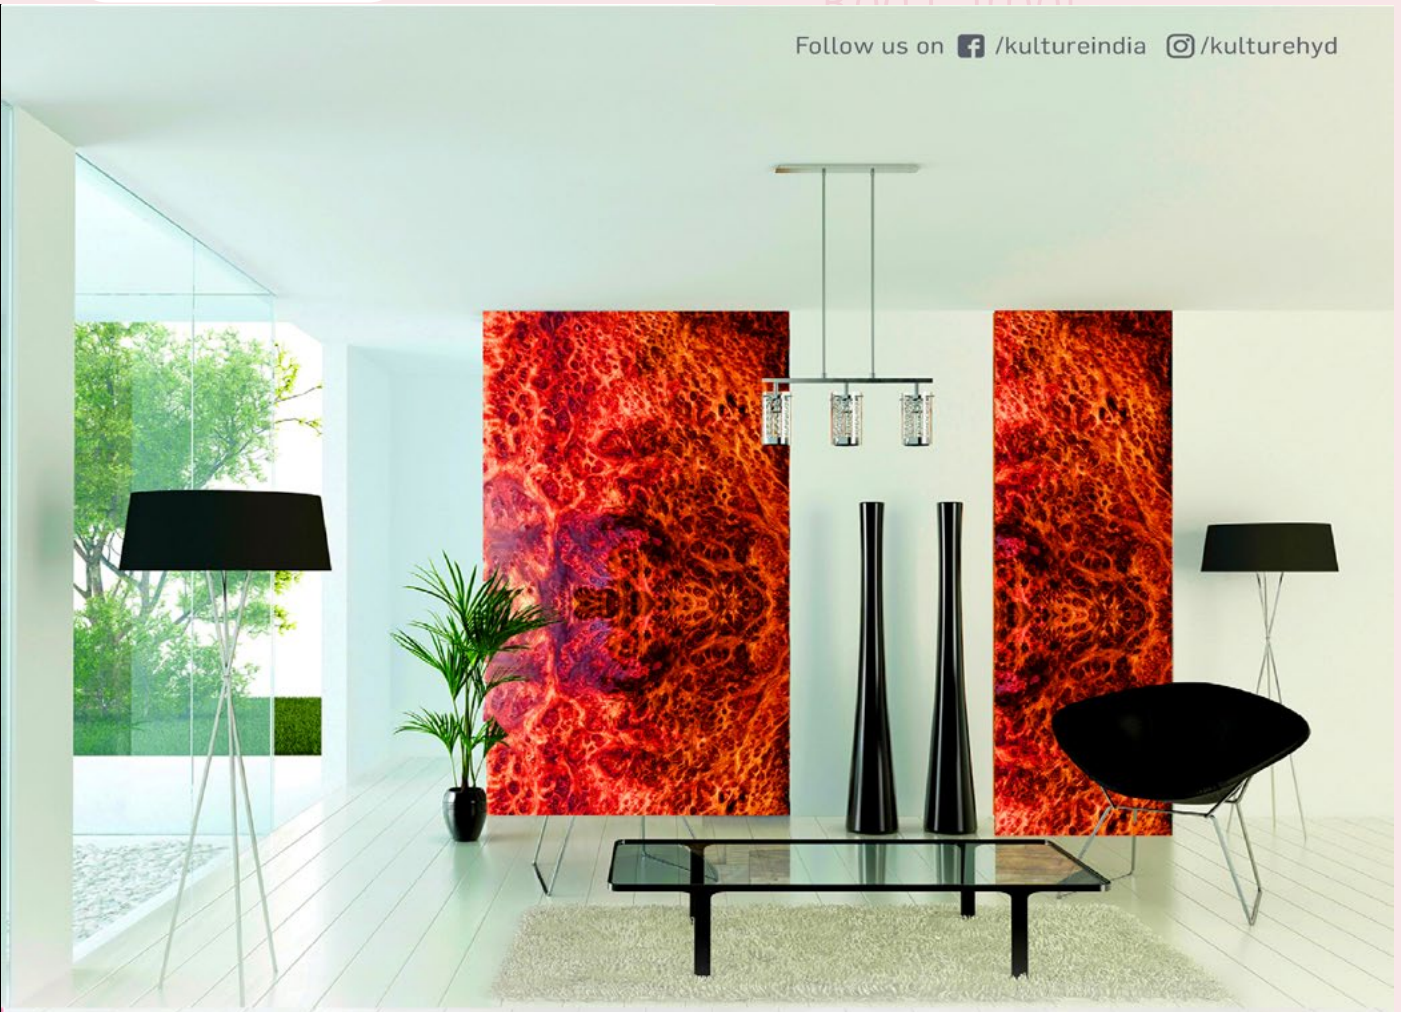

B: Aditya Chopra.

I: One actress you’d love to work with?

B: ManushiChhillar

Last but not the least, we asked him one piece of advice he would like to give all the struggling actors out there.

Parvati Madhireddy, winner of Mrs.India Telangana 2018, Mrs.Pretty 2018, Mrs.India stunning star 2018. Entrepreneur, Model, Hr professional, Dancer and Social activist.

DAILY ROUTINE:

I start my day with 4 glasses of water. Then, I do surya namaskar and meditate for some time. To kick start my day I listen to music and have a cup of green tea. Hobbies: I spend quality time with my family and friends. I love to dance so whenever I get time, I dance like no one is watching. I am an animal lover too and I often visit dog kennels to spend some peaceful evenings. I am part of many NGOs and I take immense pleasure in sharing my knowledge and helping them to boost their confidence. Fav outfit: I am most comfortable in denims and a tee, that would be my favourite outfit. Fav vacation:

Fav dish:
My favourite dish is chicken biryani and Butter chicken.
Mantra of life: My Mantra is simple "Be good and do good" and I also believe in the concept of karma.
One issue: If I can eradicate one issue of the society then definitely I would eradicate the violence against women. Irrespective of age, from a girl child to elderly women are abused in some or the other way. The best way to end violence against girls and women is to prevent it from happening in the first place by addressing its root cause. Educating and working with young boys and girls in promoting respectful relationships and gender equality will definitely have a positive impact.

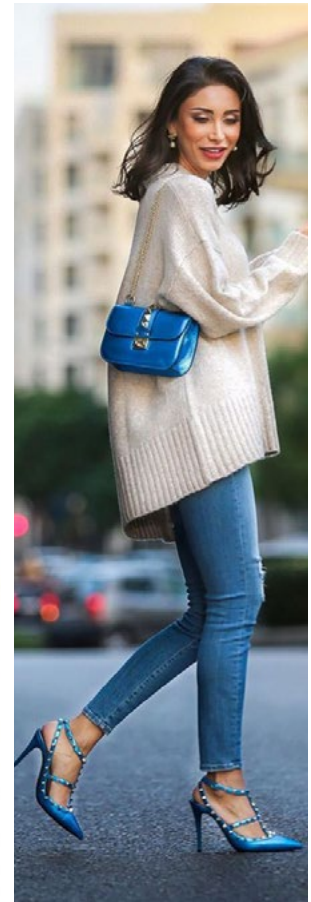

My favourite vacation destination would be Gopalpur beach which is near my home town. It has the most beautiful sunrise and sunset views with fishing hamlets and a massive lighthouse in the backdrop. Visiting this place gives me a nostalgic feeling that takes me back to my childhood days. My most memorable and one of the best moments in my life I had experienced in 2018, when I was crowned as Mrs.India Telangana. This moment not only gave me immense happiness but also tears because this was the day and my dad and mom were really proud of me.

I felt myself on ramp", Miss Telangana 2019

Vaishnavi Manogna "I never imagined that I would venture into modeling, I was doing great as badminton player and also represented Andhra Pradesh Team ". This was the initial response from Vaishnavi when we started having conversation with her. Vaishnavi Manogna who hails from Hyderabad has won Miss Telangana 2019 which was conducted by Star Life. We had a chat with her to know more about her journey till now.

I : Why did you choose modeling as your career, any story behind it? V : In my Intermediate days I was training hard to be a badminton player. I had a tight schedule of 9 hours not allowing me to do anything apart from training for sport. But destiny had a different plan. I met with a minor injury and was unable to pursue badminton. One of my friend Dikshit casually took me for an audition and I was selected. That was a sudden surprise for me. From then on, I discovered that I have the potential that it takes to become a super model.

2. How was the experience when you walked on the ramp for the first time?

V: I must say, it was really exciting and amazing. I felt a bit nervous though (laughs). It was very cherishing. I still remember the first day. Its a memory that I will cherish for a long time. For any person, the beginning is kind of challenge and luckily I was able to give my best.

3. How did it feel winning the title of Miss Telangana 2019?

V: I felt very much happy. This is very special for me as it is my first success. I immediately shared it with my mother. My mother is my biggest support. She motivates me every time and inspires me to do great things. I am very much grateful to her. My friends also have been very supportive.

4. What is your fitness routine and your diet in a day?

V: As I already told, playing badminton has really helped me a lot. Fitness is a part of my daily routine and I need not make any efforts to exercise. I remain positive all the time that helps me to be motivated for any event. Well coming to diet, I eat a lot of vegetables and I drink water at regular intervals of time. I always distract myself from things which are not organic and hygienic. 5. What is beauty according to you? V: Beauty gives you a Platform to communicate what you feel as a person by the kind of clothes you wear and the make you put. Beauty enhances your expression. I believe it's a form of expression.

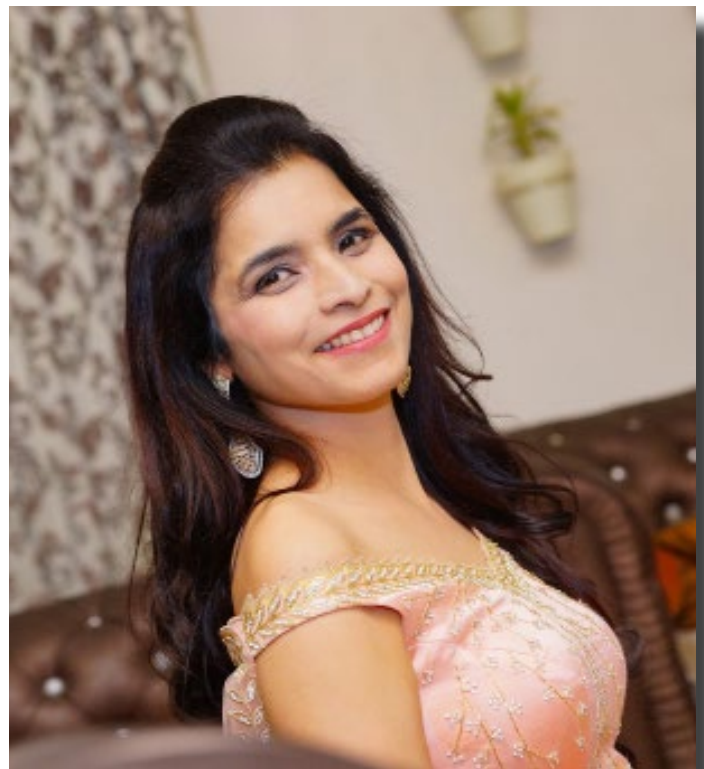

Mamta Trivedi – Regional Director Mrs India Telangana, Mrs India Andhra Pradesh Empowering Women and creating an aspirational Brand

Her journey from a home-maker cum business-woman supporting the family business, to the winner of beauty pageants at national and international levels, culminating into establishing the largest platform for married women is inspirational in more ways than one. Mamta plans to break stereotypes about beauty, of married women, and dispel myths about pageants. She has built a huge platform and inspires married women to express themselves, showcase their talent and realize their inner potential. Today, Ladies from various fields, including Doctors, IAS officers, Chartered Accountants, Engineers, Software Professionals, Artists, Professors, Entrepreneurs, Home-makers and Cancer Survivors re-discover their passion and walk the ramp with pride, winning respect and accolades not only from the elite crowd, celebrity judges and media but also from their family and friends, living their moment of glory.

Mrs India Telangana is a unique and empowering pageant for married women across all ages, which looks for role-models who can inspire others to do good for the world around them. A part of Mrs India, the pageant was brought to Telangana, and now expanded to Andhra Pradesh, by the dynamic yet graceful, 49-year young Mamta Trivedi, who herself is Mrs India 2017 winner, Mrs Asia International World 2017 winner. She was also conferred with the title of “Pride of Telangana” and has won the TAA Best Beauty pageant organiser award 2019.

Reinforcing the belief that every woman is beautiful and must feel beautiful, rejecting the objectification of women, Mamta emphasises that height, weight, skin colour, language of communication or age does not matter for a woman. Ladies above 60 years of age also walk the ramp, with grace and elegance.

Mrs Trivedi firmly believes that beauty is about how one can make a positive difference to the world, in whichever way possible. Every finalist espouses a chosen, socially relevant theme and works to make the world around them a happier place. As founder-president of SEWA, a registered NGO created for empowering Women to Achieve, Mrs Trivedi has created a platform that is a natural extension of the Mrs India Telangana platform. Her support to various causes has led her to be chosen as Goodwill Ambassador of The Akshaya Patra Foundation, along with eminent personalities such as A R Rehman, S.S Rajamouli, Shankar Mahadevan and Shraddha Kapoor, amongst others. SEWA has collaborated with TAPF and has now adopted the Zilla Parishad High School, Jadcharla to empower the next generation and help them realize their potential.

Mrs Mamta Trivedi shares her vision for 2020, which is to reach out to the interior parts of the twin states, as there is significant talent waiting to be discovered in these areas. She says that Women are great multi-taskers and can handle family, career, business and their own passion, apart from being the ambassadors of our culture and traditions. She is right, and there is no better example than herself.
